Comptroller General Reports to the Congress and Heads of Federal Agencies

These are reports of GAO audits and surveys of U.S. Government activities issued during fiscal year 1975—July 1, 1974 to June 30, 1975.

The reports are listed by functions of Government, not by departments or agencies, because results of audits or surveys concerning one agency frequently have applications to others.

An index by agency follows the listing of reports.
